G-BLIND

ITEM: AVX7005_UPC: 082271002266

From the hunters who brought you the A-Frame blind, comes an all-new waterfowl blind that covers everything from A to G. The G-Blind introduces a unique G-shaped frame that provides overhead protection with an open front space optimized for firearms. The blind is constructed from a sturdy yet portable aluminum frame for easy assembly afield, with a heavy-duty 600D cover in Mossy Oak's all-new Shadow Grass Habitats camo. The cover also features additional straps and pockets to add natural materials for a fully brushed-in look. The G-Blind holds up to four hunters in convenient comfort – protected from the elements, concealed from view and ready to cut 'em.

- Unique G-shape provides concealment and protection from the elements
- Duck blind style for brush lines, levees, fence rows, pond banks, etc.
- 600D cover with straps and pockets for adding brush
- Shoot sitting down or standing up
- Sturdy, portable aluminum frame
- Easy infield setup
- Holds up to 4 hunters

A-FRAME BLIND

ITEM: AVX7001_UPC: 810280070019

Don't waste time searching for cover; take it with you. With a stream-lined, mobile design, the A-Frame blind offers the next best thing to total invisibility in marshes, fence lines, waterways and open fields. The non-corrosive aluminum frame breaks up bird-flaring hard edges and shadows, further aided by a rugged 600-denier shell in Mossy Oak® Shadowgrass Blades® for superior camouflage. Grass straps and pockets complete the A-Frame's concealment with the addition of natural vegetation. After mere minutes of setup, up to four hunters fit comfortably inside. Take advantage of the four adjustable gun clips and easy-carry webbing strap to complete the total package.

- Eliminates hard edges and shadows
- Sturdy, lightweight non-corrosive frame
- Holds up to four hunters
- Straps and pockets for adding natural vegetation
- Collapses for easy storage with carry straps

We have been fully dedicated to the art of fooling one of nature's most remarkable game birds, the Wild Turkey. Countless hours spent in the field with our team, days on end of watching slow motion videos of their personalities and interaction with each other and our Avian-X decoys has allowed us to continue to get better with every creation. We take great honor of being a part of many great hunts and especially the young hunters bagging their first longbeard.

LCD QUARTER-STRUT JAKE

ITEM: AVX8003_UPC: 810280080032

- Non-aggressive and non-dominant
